Special points of interest:

- AGM
- NATIONAL MEET
- NEWSLETTER
- YOUR STATE
- NATIONAL DISPLAY
- WWW

Another year has come and gone in what seems a blink of an eye. It does not seem a year ago we were here and having a blast

This year we started with a full committee and have finished it with a few less.

which brings me to this point and I stated the same thing last year

If you do not have the time please do not volunteer to be part of the committee as again this year it has been a major issue with committee members which places a great strain on the others.

As a committee we need to be aware of the members requirements and do our best for all concerned with the club and its sponsors.

Again this year we would like to thank all our sponsors for their continued support. Of course my thanks go to the committee for their efforts this year.

This year I was contacted by the company that had the Purvis Eureka Moulds and we are extremely grateful to Ted Smith for putting his hand in his pocket and purchasing them for the foreseeable future.

The committee has helped with the arranging of venues for our National Meets by naming it a few years in advance thus giving members the opportunity to work out if they can attend with being aware in advance. It was discussed last year regarding the following

PECCoA AGM

2014 Melbourne

2015 Ballina

2016 Adelaide

This has been confirmed this year by the members attending.

In conclusion I would like to say a big thank you to all the members who are either here or who I have spoken to over the year for their support and look forward to this club growing from strength to strength over the years with you the members helping promote it the best way you can by being a member and telling people about us.

Roll on 2014 and please everyone do your best to attend the 2014 meet in Melbourne and help Celebrate the 40th anniversary of these truly unique cars and spend some time with the man behind all of this Allan Purvis because quite frankly if he did not start it we would all not be here today in this club.

James McLean

President

**2014
Melbourne**

**2015
Ballina**

**2016
Adelaide**

The new committee elected at Bathurst this year;

President	James Mclean

PURVIS EUREKA NEWS

The **PEN** Newsletter is a committee initiative designed to inform all members of all aspects of your club. It has come about due to the need to communicate with all members particularly those that are not on the Forum which is a great provider of communication and technical assistance.

We hope to bring the club closer to everyone by having all committee members and State coordinators reporting regularly from which will produce this newsletter. This will ensure the longevity, relevance and content of the publication.

NATIONAL DISPLAY

Members of the Club are putting together a display at the National Motor Museum in Birdwood South Australia in March 2014. The Display will last for 3 months and will be promoting the 40th Anniversary of the Purvis Eureka and our National Meet in Melbourne. We are currently seeking members to volunteer their Eureka for the duration. Contact philip@purviseurekacarclub.com.au for submissions or for more information.

Check out what Motor Museums are in your area www.australasianmotormuseums.com.au to hold a display

THE WWW

THE main CLUB site www.purviseurekacarclub.com.au has had over 65,857 Visitors as at 13OCT 2013. This is the hub of all our WEB activity, hosting the static site, Wiki & Forum. In the past year I have tidied up the site. As the Club has grown we have developed new forms of communication and so the purpose of the site has changed.

Currently 145 Members of the FORUM = 56 Club members & 89 Forum members only with 8,515 posts in 1,175 topics. Currently 90 Members are now on our FACEBOOK Page. This has been quite a positive for the club, having pulled a number of Eureka's from obscurity, generated interest and generated Club members.

YOUR STATE

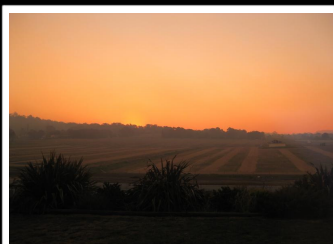

- SA - **16th November** - Dinner @ THE REX
